

The background of the slide is a photograph of a fountain in front of a stone building. The fountain has a central column of water and several smaller jets at the base. The building is made of dark stone blocks.

# Southampton Child Friendly Cities Insights and Data Pack Flourishing Badge Summary – 2022

Southampton City Council – Data, Intelligence & Insight Team

The main aim of the Child Friendly Southampton discovery stage was to collate both intelligence and insight across the city to provide a wider view of the children and young people in Southampton, and how they feel about a variety of topics.

This engagement activity ran through Summer 2022.

The main route for feedback was our Child Friendly Southampton Baseline Survey, which was circulated across the city with a main version as well as an easy read version for SEND and early years. We also created some activities to get feedback on certain topics in the questionnaire. The surveys and activities were promoted in the following ways:

- Roadshow
- Youth groups
- Local Events (e.g. Mela Festival and SPCA Play Day)
- Social Media
- Education settings
- Digital posters
- E-bulletins
- On the website
- Emails to stakeholders and partners
- Focus Groups

We also asked and collated questions from other surveys to that ran across the city including:

- Children and Young People's Draft Strategy Consultation (a younger version of the questionnaire was circulated to children and young people across the city at the end of 2021)
- Make your Mark (a poll and a questionnaire was circulated to children and young people across the city in Spring 2022)
- School Streets Survey (a survey that was conducted at selected schools in Summer 2022)

This report also outlines some of the key data intelligence figures around children and young people in the city on a variety of topics including safety, health, place and education.

# About the respondents

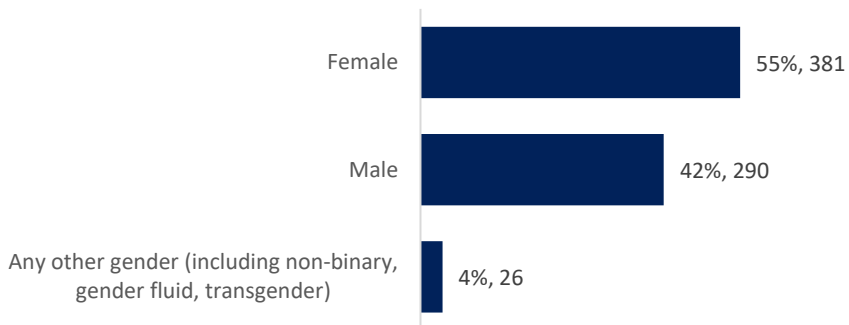

# Child Friendly Baseline Survey & Activities – about the respondents

In total, we had **1338 responses** from our Child Friendly Baseline Survey and Activities.

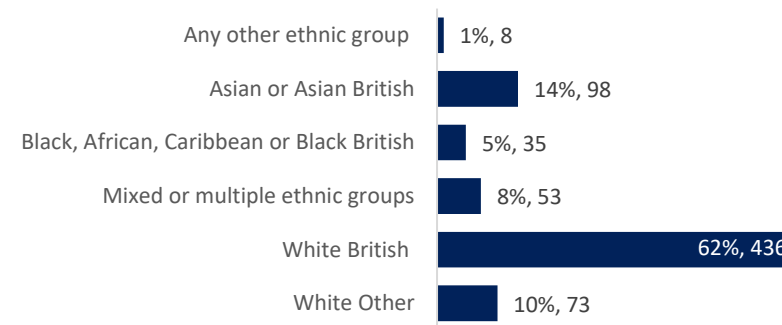

We asked these respondents a variety of demographic and profiling questions to ensure that there was a broad representation of children and young telling us their thoughts and views, and to understand how different children and young people feel across the city.

## Gender:

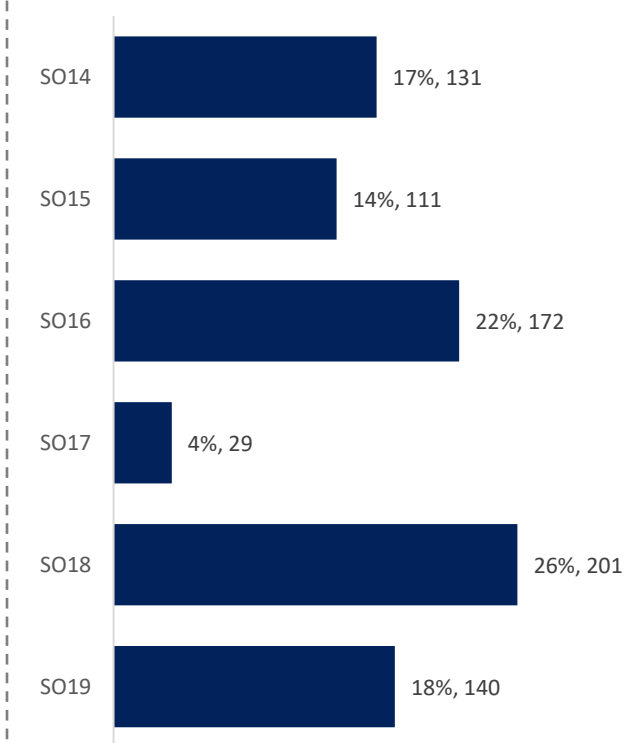

*This information was asked in the Baseline & Easy Read Surveys*

## Ethnicity:

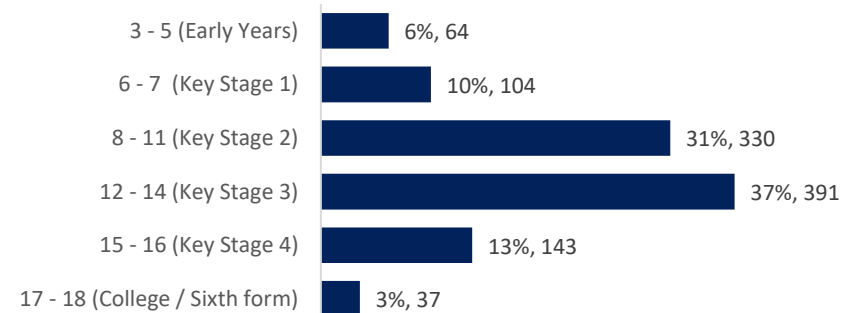

*This information was asked in the Baseline & Easy Read Surveys*

## Location:

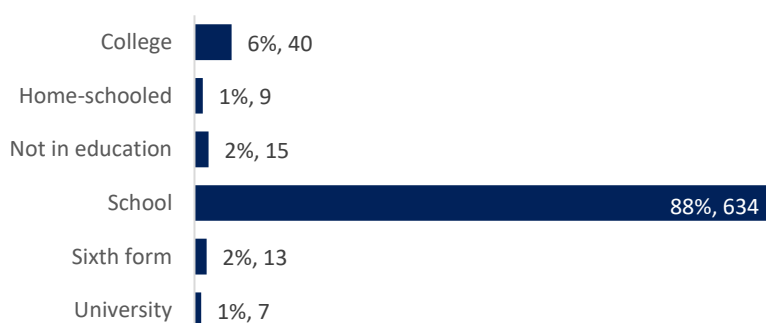

*Location information was asked in the Baseline & Easy Read Surveys, Activity 1, Activity 2, Activity 3 and Activity 4*

## Age:

*This information was asked in the Baseline & Easy Read Surveys, Activity 1, Activity 2, Activity 3 and Activity 4*

## Educational setting:

*This information was asked in the Baseline & Easy Read Surveys*

## Young carer:

*This information was asked in the Baseline & Easy Read Surveys*

## Disability:

*This information was asked in the Baseline & Easy Read Surveys*

## Special Education Needs:

*This information was asked in the Baseline & Easy Read Surveys*

# Flourishing

Children and young people:

- Can explore and spend time in parks, woodland and other natural places.
- Are free to develop their interests, hobbies and talents.
- Can spend time with their friends.

**For the flourishing badge, we spoke to young people about how they spending their time and developing their interests, hobbies and talents. We found out that:**

- *When it comes to activities taken part in, survey respondents said they spend their time with family more than any other activity listed.*
- *The activity that respondents selected they do the least was taking part in community groups and volunteering and attending youth clubs.*
- *Although community groups and volunteering was one of the least done activities across the city, almost half of respondents selected that they would like to do this.*
- *Although respondents told us that going online and watching TV was their second most done activity in the city, just over a quarter of respondents said that there was too much of this.*
- *The activity respondents selected that they were least interested in taking part in was faith based worship.*
- *Children and young people told us in free-text comments that the reason they don't partake in activities that they want to is because of the lack of opportunities and information available.*
- *Where asked if there was enough to do in the city, male respondents selected that there was either the right amount or too much for every activity, compared to females who had selected 'not enough' more.*
- *Where asked if there was enough to do in the city, trips out and music and performance scored the highest in the 'not enough' category.*
- *When asked where they feel most welcome, children and young people selected that they feel most welcome when spending time with family, and least welcome at youth clubs.*

Base respondents: 145

## The detail:

Question: Which of these things do you enjoy watching, visiting or taking part in, in Southampton? (*This could be in person or virtually*):

Visiting parks & green spaces

### Overall:

### Broken down by demographics:

\* Small sample size – fewer than 100 respondents

\*\*Small sample size – fewer than 50 responses

Base respondents: 144
