## 1. Change of address (FVE30)

There has been the following change to pharmaceutical services currently described within the Pharmaceutical Needs Assessment (PNA). The updated information below, therefore, supersedes some of the original information within the 2022 PNA and should be read in conjunction with that document. This change is not considered to have a significant impact on the availability of pharmaceutical services in Southampton and therefore, does not require a new PNA to be undertaken.
